

Our World

We've got the world around us in our hands,
We've got the world around us in our hands,
We've got the world around us in our hands,
It's ours to take care of.

We've got the birds and the bees in our hands,
We've got the creatures of the seas in our hands,
We've got the tigers and the bears in our hands,
They're ours to take care of.

We've got the mountains and the valleys in our hands,
We've got the deserts and the forests in our hands,
We've got the jungles and the plains in our hands,
They're ours to take care of.

We've got the rivers and the oceans in our hands,
We've got the lakes and the streams in our hands,
We've got the swamps and the marshes in our hands,
They're ours to take care of.

We've got the future in our hands,
We've got the future in our hands,
We've got the future in our hands,
It's ours to take care of.
